### **Two Mason Transit Staff Honored at State Event**

SHELTON, WA – Mason Transit Authority staff members, Nathan Zimbeck and Haley Dorian, were recently honored at the Washington State Department of Transportation and Washington State Transit Association 2024 Wall of Fame banquet and ceremony. The Wall of Fame program recognizes exemplary employees for their dedication, innovation, customer service, and professionalism.

Transit Operator Nathan Zimbeck was honored for continually going above and beyond, giving 110% each day to his peers, the public he serves, and management. He makes himself available to new drivers that are in training and answers questions with highly knowledgeable answers, setting them up for success.

Haley Dorian has a nine-year history with Mason Transit and was recently promoted from Accounting Assistant to Human Resources Generalist, her true passion and career goal. Haley consistently ensures MTA employees thrive, grow and receive her professional best. She has been recognized for her consistent display of excellence and professionalism with staff and clients.

Mason Transit Authority is proud to have these two among their workforce and congratulates them on their well-deserved recognition.
