

RIDER

ALERT

Paving Project Impacts Route 5 Effective June 27-29, 2016

- Due to paving on Lake Blvd & Pioneer Way, Rt 5 cannot operate a large bus in the Turner Hill area **impacting service to Turner Ave, S. 7th St, and W. Wyandotte Ave.**
- **Service to that area will be provided on a smaller bus as a "special" shuttle.** Riders will be asked to transfer at the Transit-Community Center to the smaller shuttle for service to the impacted areas (see map).
- **Service times are not changing.**
- **Check-in with your friendly driver** when you board the bus, they'll make sure you're on the right bus to get where you need to go!
- Our customer service team is available if you have further questions prior to riding; call Monday-Saturday, between 8am-8:30pm.
