NEW BUSINESS

Receive public comment on Mason Transit Authority's Transit Development Plan (TDP). This annual update is required under Washington State RCW Section 35.58.2795, Public Transportation Systems — Six-Year Transit Plans. This report provides summary information for 2017 as well as projected changes for 2018-2023.

The TDP details MTA's current service, infrastructure, equipment and financial outlook and provides a five-year forecast of planned service development needs, capital investment and budget assumptions.

The TDP provides a starting point for an in-depth look when considering and developing future service designs, capital facilities, equipment, agency policies and other key business strategies. It also serves as the basis for developing the future year operating and capital annual budgets.

Distribution of the draft was made available on Mason Transit Authority's website on June 15, 2018.
