The Transit Development Plan (TDP) is Mason Transit Authority's annual update as required under Washington State RCW Section 35.58.2795, Public Transportation Systems — Six-Year Transit Plans. This report provides summary information for 2014 as well as projected changes for 2015-2020. The TDP details MTA's current service, infrastructure, equipment and financial outlook and provides a six-year forecast of service development needs, capital investment and budget assumptions, as well as the 2014 annual report to the community.

The TDP provides a starting point for an in-depth look when considering and developing future service designs, capital facilities, equipment, agency policies and other key business strategies. It also serves as the basis for developing the future year operating and capital annual budgets.

Distribution of the draft will be made available on Mason Transit Authority's website [www.masontransit.org](http://www.masontransit.org), public libraries and numerous other community organizational offices throughout Mason County on August 27, 2015 by close of business.

For additional information, please contact Mike Oliver, Development Manager, at 360.432.5710.
