

Transit Driver Appreciation Day March 18, 2018

Our drivers do not have an easy job;
they just smile and make it look that way!

For hours on end, your MTA driver manages to keep a schedule, assist riders, give directions, announce stops, remember requests and so much more, all while safely transporting over half a million riders every year!

We invite our community to celebrate

Transit Driver Appreciation Day 2018.

Please help make a special effort to notice and appreciate those who safely move the community day after day.

So give our drivers a smile, a wave as you board and a "thank you" when you leave.

Better yet, use a **Transit Driver Appreciation Card** to write a special message to your driver. Cards will be delivered to the driver when we celebrate on March 19!

(By the way, you can do that any time of year on a comment card!)
