

Public Hearing Proposed Service Changes

Mason Transit Authority will hold the following public hearing to receive comments on the below proposed service changes to be implemented June 3, 2019:

Tuesday, April 23, 2019 at 5:30 PM
Transit-Community Center, Conference Room
601 West Franklin Street in Shelton, WA

All participants are welcome at MTA's public hearings. Meeting locations are ADA accessible. If you anticipate needing any type of accommodation or have questions about the physical access provided, please call 360-426-9434 in advance and we will make every effort to meet accommodation requests.

Proposed Service Changes

Mason Transit Authority proposes to restructure the routing of the Route 9 to better serve riders by providing additional frequency as well as improving efficiency as a result of MTA's service review conducted in 2018.

Draft documents detailing the proposed route modifications including timetables will be made available upon request and will be posted on our website no later than April 12, 2019, at www.masontransit.org/publichearings.

Please note: During the impending construction, the route will utilize either Olympic Hwy North (when open and available) or Hwy 101 when traveling north on the route; and 1st Ave to Railroad Ave to 7th Ave to access the T-CC when traveling south on the route.

Time and routing adjustments may change between now and following the public hearings.

Questions and comments are welcome and accepted until 4:00 PM on Wednesday, April 24, 2019.
